GRAB BAR ANCHOR FOR NON-STUD MOUNT

For use with
5600, 5700,
5900 and
6300 series

MATERIALS:

One anchor provided. Brace bar is 6063 T6 Aluminum; Arm is ABS; Mounting plate, screw and bracket are stainless steel; Gasket is Neoprene. Anchor is corrosion resistance. Fastener length will accommodate wall thicknesses from 3/16" to 2-1/2".

INSTALLATION:

The anchor can be installed in hollow walls only. 1" hole in wall needed for installation. Anchor mounting plate rotates 360 degrees for any angle of install. Anchor is adaptable to most grab bars on the market. Will work with Innovex shower systems.

SPECIFICATION:

Surface mounted grab bar anchor shall be model _____
(fill in model number) by Liberty Hardware Manufacturing Corporation.
